

## **"Father's coaching"**

### **What is it about?**

Father's coaching is an on the job consultancy of Father's Academy

### **Fine tuning work-life balance**

**Father's coaching is dedicated to support Hungarian dads** to fine tune their work-family balance. In Hungary men are often regarded to play a definitive breadwinning role.

### **To enhance company-culture changes**

**Fathers coaching also targets top managers and HR personal** to enhance " mind set change" regarding work-and family issues at working dads. It is a common place that labour market prefers and overuses men with families.

### **To prepare men and women for " reality after child birth "**

**Father's coaching** also aims to provide time and life management strategies and real life techniques **to support couples before and after child birth.** Our goal is to prevent critical times around child birth at home and at work.
